---

Skilled React Native developer with 1+ years of experience in the industry. Proven ability to develop high-quality mobile apps that are both user-friendly and performant. Expertise in React, JavaScript and popular libraries and frameworks. Strong problem-solving and communication skills.

## WORK EXPERIENCE

---

### Jr React Native Developer

07/2022 to Present

Redbytes Software Solutions  
Trivandrum

- Developed and maintained cross-platform mobile applications for both iOS and Android using React Native.
- Implemented smooth and responsive user interfaces through React Native components and CSS styling techniques.
- Integrated third-party APIs for features such as authentication, push notifications and payment gateways.
- Conducted thorough debugging and testing to enhance app stability and user experience.
- Achieved app store deployment success by navigating through the submission process and adhering to app review guidelines.
- Collaborated with a multidisciplinary team, including designers and product managers, to deliver high-quality products.
- Utilized Git for version control, enabling seamless collaboration with other developers on GitLab.
- Participated in Agile development methodologies, contributing to sprints, stand-ups, and sprint planning sessions.
- Demonstrated a commitment to continuous learning by staying updated with the latest React Native trends and best practices.
